PASTRIES FOR LIFE

Meet
The Pâtissier.

Chef Ghouse.

“Nothing gives me more joy than seeing pictures of my creations and how guests enjoyed their time savouring them.”

SWEET INSPIRATIONS

Have you ever stepped into a patisserie laced with the sweet scents of pastries and desserts, and felt mesmerised as you set your eyes on the wondrous display of these mouth-watering creations? Step into Chef Ghouse's kitchen and be transported into a laboratory of sweet delights where these creations were made, with Chef Ghouse as the scientist behind this breath-taking display.

For the past 25 years, Chef Ghouse has been working towards creating the best pastries and desserts in town. Drawing inspiration from fellow chefs, cooking shows and pastry books, Chef Ghouse has been churning out pastries after pastries, all lined up in his kitchen waiting to be indulged. Every item from his kitchen is made with love – one can almost smell and taste his passion in each piece.

PASTRIES FOR LIFE

And to think that Chef Ghouse almost didn't make it to the pastry kitchen. A chance opening in the pastry kitchen made this Penangite realise his passion in merging art and food where he quickly grew in ranks, even working as a Pâtissier in Brunei before moving back to Kuala Lumpur, where his creations have adorned the dinner tables of even royalties.

When asked his plans for the next few years

to come, the cheerful chef chuckled, "Retire? Never! Creating pastries and desserts gives me so much joy, I can never imagine myself not doing it, even when I'm old – I might be slower in the kitchen then but will continue to pour my heart and soul in every pastry I produce.

As a member of GASTROM Malaysia, I also intend to continue to aspire future pastry chefs by leading classes and workshops."
