EXCLUSIVE BALMAIN FLAGSHIP BOUTIQUE AT THE STARHILL

BALMAIN PARIS

The Parisian fashion house Balmain has opened its first flagship boutique in Malaysia at The Starhill. The 1,740 square feet boutique showcases the new store concept focused on its Parisian roots. Ever since Pierre Balmain first introduced his vision of "New French Style" in 1945, his eponymous house has set itself apart with its singularly fresh, bold and feminine conception of fashion for over 75 years.

Since 2011, Balmain Creative Director Olivier Rousteing has been inventively building that extraordinary legacy, while always remaining true to designing clothes that reflect the way his inclusive, powerful and global Balmain Army wishes to live today. The result is a unique and recognisable Balmain silhouette, style and attitude that highlights the exceptional craftsmanship of the house's celebrated ateliers, while consistently referencing a rich Parisian heritage. Season after season, runways highlight both the exciting, inclusive diversity of the modern Balmain universe and the importance of 21st Century culture – in particular, today's music – in that universe.

Shop the collections for women and men in Balmain, G25, Ground Floor, The Starhill.
